

April 18, 2017

GORKI Golf Club in St. Petersburg broadens the horizons of its members by creating new opportunities for golf club members. GORKI Business Club: business networking based around a common joy.

The success of the Club for each of its residents lies in the fact that their passion for the game goes hand-in-hand with common interests: establishing promising new contacts and finding solutions for their business. Golf is time well spent in the company of people with whom it is both pleasant to communicate and useful to cooperate, an exchange of experience and access to the knowledge and insight of industry leaders.

On April 18 - GORKI Business Club started a new chapter for Golf Club members with an interesting meeting at the residence of the General Consulate of Great Britain.

Ekaterina Senina, CEO of GORKI Golf Club, greeted the members of the newborn business community and presented the special offers for GORKI Golf Club Members.

Keith Allan, HM Consul General of British Consulate-General in St.Petersburg, hosted the event and recommended to all the guests to join the upcoming seasonal "GORKI White Nights 24 HRS Tournament" – unique 24 HRS golf event. As passionate golfer HM Consul General experienced this unique golf marathon and even was in the winning team in 2015.

As special guest and speaker of the evening Gil Petersil opened the first meeting of the Business community. Gil Petersil - leading networking specialist in Russia and CIS, visiting professor at Skolkovo startup academy, business-coach and a consultant for over two hundred startups in different fields – spoke about networking tips, explained how to achieve any goals through building relationships based on mutual value and benefit.

The partner of GORKI Business Club is BCS Ultima Private banking that opens its doors of VIP treatment for GORKI Golf Club Members.
