Motivation letter to become SPIBA Executive Committee member

Dear Mrs. Khabacheva,

By this letter I would like to confirm my willingness to become Executive Committee member of SPIBA. I would like to use my experience for further development of SPIBA as great exchange and inspiration platform for the related members and promote SPIBA as strong representation of local business within the regional economic environment.

My presence in Executive Committee would give me the opportunity for sharing the best practices from BRP Global in terms business associations evolution and their influence on economic and social footprint. I would like to bring new ideas and inspirations coming from BRP – worldwide leader in Powersport in business related interactions of SPIBA members.

Further identification and sharing of new sources of changes and trends coming from SPIBA members that would have the influence on entire SPIBA community would be another layer of my involvement.

Thank you already for granting me this opportunity for applying and please count on my full engagement in case of positive decision.

Best regards,
Robert Prusinski
